APPENDIX A TO PART 40—GUIDELINE NO.

1

(a) *Application for Designation of Physical Delivery Futures Contracts*

A board of trade shall submit:

(1) The rules setting forth the terms and conditions of the futures contract.

(2) A description of the cash market for the commodity on which the contract is based.

(i) The description may include, in addition to or in lieu of materials prepared by the board of trade, existing studies by industry trade groups, academics, governmental bodies or other entities, reports of consultants, or other materials which provide a description of the underlying cash market.

(ii) Where the same, or a closely related commodity, is already designated as a contract market which and is not dormant, the cash market description can be confined to those aspects relevant to particular term(s) or condition(s) which differ from such existing contract.

(3) A demonstration that the terms and conditions, as a whole, will result in a deliverable supply such that the contract will not be conducive to price manipulation or distortion and that the deliverable supply reasonably can be expected to be available to short traders and salable by long traders at its market value in normal cash marketing channels.
